## Reserves Policy

The EGGS reserves policy (agreed by the Committee on 13 June 2018) is to hold £1,000 in reserve for unanticipated expenditure or for a need to subsidise EGGS meetings/meals where operational income is less than invoices. These reserves could be spent with a majority agreement of the committee in order to maintain EGGS' financial integrity as a group within the General Synod of the Church of England. This reserves policy will be reviewed at least every twenty four months.
